## WPRZ-FM is Now Broadcasting from East Davis Street in Culpeper!!

Finally, after a move that began June 24<sup>th</sup>, we went on-the-air September 3<sup>rd</sup> from our new "Studio B" which will eventually serve as our production room!!! Our main studio which is "Studio A" is now under construction and we hope to have it operational in a couple of weeks! So far, over 2000 feet of cables and various "lines" are running through the ceiling from location to location within our offices. Moving our on-air operations was a very complicated task because of all the different sources we use to bring you such a wonderful variety of programming like National up to the minute News, local weather and emergency weather alerts, Bible teaching programs from all over the country as well as local ones, four different genres of music, as well as various programming from the Moody Bible Institute in Chicago. We have installed one of two state of the art studio boards that will enable us to easily perform various functions during the broadcast day that were difficult to do before...if possible at all. There were a few days where we had to trace down some technical problems but we are pleased to say that they have all been found and fixed! One big problem was caused by two little crossed wires done at the end of a 15-hour day spent running wires by one of our techs. He is to be commended for his skill and long hours working on this big project!!!! Be assured that once we get settled and learn all the new things these boards can do we will be able to serve you, our listeners, even better! We thank God for all this new technology, providing these new boards for us, and giving us the patience and skills to learn them!!!

We have been faced with some additional unexpected expenses as well as the cost of a required new receiver that we had to purchase from Moody in order to continue to air the network. We are praying that we will be able to cover all these additional expenses as well as clean up two hefty bills we had that we were not able to pay in full from the sale of the property.

We are planning an "Open House" when we get our Main Studio completed and hope you will come by. We'll give you the date just as soon as we can. Till then, please keep us in prayer and if God prompts you to send in an extra gift to help, we would be so grateful if you did!

Ed, Garry and Steve placing the cabinets in the new main Studio A.

With the cabinets in place, the wiring will now begin.

Steve and Jeff getting used to the new equipment and console in Studio B.

Jeff Light doing his first shift with the new equipment. (He looks pretty happy!)

## Operation Christmas Child! Collection Week at WPRZ- FM is November 12-16

After 16 years of being a Relay Collection Center for Operation Christmas Child, WPRZ-FM is turning it over to Mt. Holly Baptist Church in Remington! Due to our new 2<sup>nd</sup> floor location on Davis Street, it will be impossible for us to process the large collections that come in from various churches. The folks at Mt. Holly Baptist Church have helped us each year for many years and they know what all is involved. They would spend many days with us and bring their youth group to the station to help on the busy weekends. You probably have met many of them over the years. And now, they are ready, willing, able, and very excited about taking on the "Relay" responsibilities and we commend them! Mt. Holly Baptist Church, with Pastor Chaz Campbell, is located at 6172 Sumerduck Road in Remington and their phone number is 540-439-1504.

WPRZ-FM will still be happy to collect gift-filled shoe boxes from individuals, though, and will be available Monday through Friday during Collection Week to receive them during normal business hours of 8 am to 5 pm.

In addition, we are open to whatever the Lord would have us do on a local basis, if He so desires, to further what He wants to do in the WPRZ-FM listening area.

## WIN a Great Prize in the September WPRZ Bible Quiz September 17-21

# September is National Preparedness Month!

As Christians, the absolute most important readiness action we can take is to be sure we are ready spiritually! Then, it is definitely wise in the day and age we are living in to be ready for emergencies of various types such as earthquakes, severe storms, power outages, floods, hurricanes, economic collapses, terrorist attacks, and more. We should be ready to help ourselves, our families, our friends, and our neighbors should an emergency occur. Interest is growing about preparing for emergencies across the country as indicated by National Geographic's program "Doomsday Preppers". They say it is their highest rated program ever! It's doubtful that many of us can prepare to that extent...but we do believe it is definitely wise to make some common sense preparations before an emergency occurs and have some basics on hand like extra food, water, an extra shelter, and provisions to start a fire to keep warm or cook some food. Perhaps start out having enough food for one, then two weeks, then gradually build up for a longer time period from there. A "Go" bag is also a wise thing to have ready if you have to leave your home for one reason or another or get home on foot if you have to. It's so much better to be safe than sorry!!!

We're looking forward to Jeff Light's interview on Friday, October 5<sup>th</sup> at 10 am with Larry Allen, the new Red Cross Program Manager for the Piedmont Branch. He will be talking about National Preparedness Month and will be emphasizing the need for preparedness and provide us with information about how to prepare for various disasters all year long.

In the meantime, there are some good websites available to get lists of things to have on hand and to find out more information about preparedness. Check out...
